WORK EXPERIENCE

Part-Time Data Entry Operator

•Managed data entry and record updates with accuracy.
•Supported daily operations with billing and documentation tasks.

OBJECTIVE

Looking for an opportunity as a frontend developer where I can grow my coding skills, contribute to meaningful projects, and develop a strong foundation in web development.

TECHNICAL SKILLS

Frontend: JavaScript, TypeScript, React.js
Styling & UI: Tailwind CSS, shadcn/ui
State Management: Redux, Zustand,
Backend & Database : Supabase
Tools & Integration: Git & GitHub, EmailJs

PROJECTS

AURALANE -: Auralane is a responsive e-commerce platform designed to provide a smooth shopping experience with features like product listing, filtering, and a simple checkout flow.
Tech Stack: TypeScript, React.js, Tailwind CSS, Shadcn/ui, Supabase
Key Contributions:
- Built a full-featured e-commerce app with user authentication and profile management.
- Implemented wishlist, light/dark mode, and men's & women's clothing sections.
- Designed a responsive, modern UI using Tailwind CSS and Shadcn/ui, supporting both mobile and desktop devices .
- Used Supabase for backend services and secure data handling.
Live Demo: auralane-your-e-commerce.vercel.app

FLOWBOARD -: FlowBoard is a modern SaaS dashboard designed for task management, performance tracking, and productivity optimization with a clean, responsive UI.
Tech Stack: TypeScript, React.js, Tailwind CSS, Shadcn/ui,Zustand, Supabase
Key Contributions:
- Built drag-and-drop Kanban boards and role-based dashboards
- Developed real-time analytics with interactive charts.
- Designed responsive UI for mobile and desktop with dark mode.
- Integrated Supabase Authentication for secure signup and signin.
 Live Demo:project-harmony-main.vercel.app

SKILLFORGE -: SkillForge is a skill-tracking web app that helps users monitor their learning progress and improve their personal growth.
Tech Stack: Javascript, React.js, Tailwind CSS.
Key Contributions:
- Built a responsive skill tracking UI with Javascript, React.js
- Implemented add skills feature with name, category, and goal.
- Developed progress tracking with increment/decrement by 10%
- Created dashboard stats showing total, completed, and in-progress skills.
- Designed modern UI components with Tailwind CSS & shadcn/ui
Live Demo : skillforge-sandy.vercel.app

PORTFOLIO -:
Built a modern personal portfolio website to highlight my frontend projects, technical skills, and contact information in an engaging way.
Tech Stack: Typescript, React.js, Tailwind CSS, Shadcn/ui, EmailJS
Key Contributions:
- Developed a responsive, type-safe portfolio using React + TypeScript.
- Designed modern UI and reusable components with Tailwind CSS & shadcn/ui.
- Implemented functional contact form using EmailJS
- Added "View Project" sections linking directly to live demos on Vercel.
Live Demo: vidhi-s-portfolio-ten.vercel.app
